**ELAINE Construction's Ken Wexler Honored with
First "Legacy Award" by Corporate Real Estate Peers**

CoreNet Global To Recognize Wexler's Contributions To Industry

NEWTON, MA – May 22, 2007– CoreNet Global New England Chapter's 4th Annual Awards of Excellence recently honored ELAINE Construction Chairman Kenneth "Ken" N. Wexler with its first ever "Legacy Award." The annual awards gala, held at Boston's Seaport Hotel on April 26, celebrates the finest people and projects in New England real estate.

Wexler says, "It's an honor to be recognized by my colleagues. Having devoted my life to this business, I feel good knowing that perhaps I've had an impact on the industry as a whole. I thank the fine folks at the New England Chapter of CoreNet as well as CoreNet Global."

According to its Web site, CoreNet Global is the world's premier association for corporate real estate and related professionals. As a global learning organization, it is the industry thought and opinion leader. With 7,500 members representing large corporations around the world, CoreNet Global (www.corenetglobal.org) operates in five global regions: Asia, Australia, Europe, Latin America and North America, including Canada.

As Chairman of ELAINE Construction, Wexler's commitment to the successful completion of every project is paramount to the company's success. Wexler is no stranger to the industry. At the age of 15, Wexler started working for his father, who founded the company in 1947. Wexler and his brother assumed leadership of the company in 1965, and Wexler became President 10 years later. In 1985, his brother left the company to pursue other interests, leaving Wexler to carry out the company's vision of providing excellent project management to the private and institutional sectors.

Today, Wexler maintains a vital role on many of the diverse projects, bringing clients invaluable expertise. He recently passed the role of company president to his daughter, Lisa, and took on the role of company chairman. Providing a perspective matured over 40 years in the industry, Wexler was a natural choice for CoreNet Global New England's inaugural "Legacy Award."
